Zarva,

The February 16th Purdue exam has been cancelled. A placeholder is in place to conduct an exam at Purdue in September, 2020.

Please let me know if you have any questions.

Thank you,
Michele DeSouza

Mr. Townsend,

I have tentatively put a placeholder on the RTR schedule to conduct operator licensing examinations at your facility in September, 2020. Please confirm this meets your needs as well.

Combining an exam and inspection would require double the time and effort of which is not possible at this time.

Based on the schedules nobody is available to conduct sooner. If an opening becomes available we will be in contact to conduct sooner.

Please familiarize yourself in greater detail to the regulatory requirements involving

operator licensing. Address any questions you may have with us as soon as possible so we can ensure a smooth process next time.

Thank you,

Hi Michele-

This is the first time I've scheduled exams so learning the process. Yes, please place us back on the schedule as soon as possible... Any chance/thoughts/concerns about combining the routine inspection and administer exams during Bill's visit?

Mr. Townsend,

Based on the below information, please confirm you wish to cancel the examinations scheduled for the week of 16 February? This is due to the inability to complete and process the applications within the required timeframe. In accordance with NUREG-1478, ES-202N, 1.b. it states submit to the CE at least 14 days before the examination date.

Our understanding is, you would like to be placed back on the RTR examination schedule. My earliest availability is September 2020. It does not appear the other examiners have anything earlier but I will copy them on this message and they can reply if they are able to support sooner. I can put a placeholder for examinations at your facility within the RTR schedule for mid-September with me as your Chief Examiner. Please let me know ASAP.

Thank you,
Michele DeSouza

Ms DeSouza-

They are scheduled through the balance of next week. I guess I propose that we delay the examinations until the correct 398s and 396s are filed. When are you available next?

Mr. Townsend,

When are the medicals scheduled? Incomplete applications cannot be accepted or processed. I do not have schedule availability to reschedule the exams any time soon. Once you respond, I can then discuss with my Branch Chief to make a final determination the status of the examinations.

Thank you,

Michele DeSouza

Hi Michele-

Students are having a hard time getting their medical examination scheduled. I've been trying to work with the Purdue medical services but some students can't get in until next week. Should I submit incomplete 398 forms without 396's or reschedule the exams with you?

Mr. Townsend,

Please submit your February applications ASAP. Further delay can impact the examination date being pushed or not at all.

Mr. Townsend,

Sorry for the delayed message however, we need your applications for the upcoming February examinees. Please submit ASAP and let me know what method you use. Given the issues lately I would recommend password protected email or Box. It is imperative that they are received ASAP.

Thank you,

Michele DeSouza
