Executive Vice President  
Power Supply and Engineering  
and Construction  
411 Fayetteville Street  
Raleigh, NC 27602

Gentlemen:

SUBJECT: CORPORATE EMERGENCY PLAN REVIEW

We have completed our review of Revision 2 of the CP&L Corporate Emergency Plan dated March 9, 1984.

Our review indicated that your Corporate Emergency Plan continues to meet the planning standards of 10 CFR 50.47(b) and the requirements of Appendix E to 10 CFR 50.

Please be reminded that 10 CFR 50.54(q) requires NRC approval of any changes to your plan which may decrease the effectiveness of the Plan. However, if your safety review indicates no decrease in emergency preparedness, then changes can be made without NRC approval. In all cases, you should furnish copies of each change to the NRC in accordance with 10 CFR 50.54(q). Also, any changes to the Emergency Plan Implementing Procedures should be made in accordance with the requirements of 10 CFR 50, Appendix E, Section V (Implementing Procedures).

Should you have any questions regarding this letter, please contact Mr. T. R. Decker of our staff at 404/221-2604.

Sincerely,

David M. Verrelli, Chief  
Reactor Projects Branch 1  
Division of Reactor Projects

cc: R. A. Watson, Vice President  
Harris Nuclear Project  
R. M. Parsons  
Project General Manager

bcc: Senior Resident Inspector  
Document Control Desk  
State of North Carolina
