CHAIRMAN SELIN: Good morning, Mr. Chilk.

SECRETARY CHILK: Good morning.

CHAIRMAN SELIN: We have four items to come before us this morning. Before I turn the meeting over to the Secretary, do any of the Commissioners have anything you can to say?

Okay. Sam, you're on.

SECRETARY CHILK: The first item is SECY-92-077. It's a motion to dismiss petitions for intervention in the Shoreham decommissioning proceeding. The Commission is being asked to respond to a motion by the NRC staff to dismiss two petitions for intervention and request for hearings filed by the Shoreham Wading River Central School District and the Scientists and Engineers for Secure Energy.

All Commissioners have approved an order which is attached to our memorandum of April the 2nd which denies the motion to dismiss. The petition will be forwarded to the licensing board for processing in accordance with NRC's rules of practice.

Would you please affirm your votes?

CHAIRMAN SELIN: Aye.

8 regulations concerning the licensing of uranium  
9 enrichment facilities to reflect changes made to the  
10 Atomic Energy Act by the Solar, Wind, Waste and  
11 Geothermal Power Production Incentives Act of 1990.

12 The amendments provide for the licensing  
13 of uranium enrichment facilities under the provisions  
14 of the Atomic Energy Act pertaining to source material  
15 and special nuclear material rather than under the  
16 provisions pertaining to production facilities.
