Dear Ms. Murphy:

We are submitting an application for an amendment to our Staley License No. 12-01457-01 which we discussed in a phone conversation today.

We would like to amend our license so that items in 6A (as listed in Amendment 41) and as authorized for use in item 9A could be used at our Mexico, Missouri facility and so listed in item (Conditions) 10B.

The location of this facility, which is included in our Amendment 42, is:

A. E. Staley Mfg. Co.  
400 E. Holt  
P.O. Box 797  
Mexico, Missouri 65265

As we understand, this will allow us to use Ohmart-Cs 137 sealed source devices in the Mexico plant.

Thank you for your assistance.

Sincerely,

A. E. STALEY MANUFACTURING COMPANY
