Washington, DC 20555

Ladies/Gentlemen:

Attached is an application (NRC form 313 I) for renewal of our Byproduct Material License No. 34-08761-03. Some answers may not be complete as we did not receive the application materials until this week, our Radiation Protection Officer is on vacation, and I do not have access to the previous application. We will supply additional information as soon as available.

Sincerely yours,

Raymond Hertz
