Dr. G. J. Van Heuvelen  
State Health Officer  
State Department of Health  
State Capitol  
Pierre, South Dakota 57501

Dear Dr. Van Heuvelen:

In order to be responsive to the needs of States with respect to the AEC program for State assumption of certain regulatory responsibilities, we attempt to maintain close liaison with the States and to review with them periodically their plans and needs for the development of a program for the assumption of regulatory responsibility through a State-AEC agreement.

In connection with this activity, we will be in your area during the week of September 10 and would appreciate an opportunity to meet with you or your representatives on September 15. This would give your Department an opportunity to learn the details of our program of State consultation and training assistance, and provide us with a firsthand view of your plans and permit us to learn of any problems you may have.

We hope this date is satisfactory and will be looking forward to a visit to Pierre.

Sincerely yours,
