NOTE TO LICENSEES WHO SEND IN RENEWAL PACKAGES

On January 16, 1996, the Nuclear Regulatory Commission (NRC) amended its regulations in 10 CFR 30, 40, and 70 to extend the expiration date of qualified byproduct, source and special nuclear material licenses by five years (61 FR 1109). Your license was extended by this rulemaking and you will soon receive a letter notifying you of this. If a refund is due, this will be handled by the License Fee and Accounts Receivable Branch in our headquarters office. Because of this extension, your renewal package is being returned to you.

Please note that if there are elements within your renewal package that need to be incorporated into your license, you must submit a request for an amendment along with the appropriate fee.

If you have any questions please contact the Region III office at (708) 829-9887.

Thank You - Region III
