Dear Ms. Gebbie:

Thank you for your letter of September 11, 1992, responding to our comments and recommendations following our review of the State's radiation control program which were sent to you in our letter dated August 21, 1992.

We appreciate the positive actions you and your staff are implementing in response to our comments. We expect that the State will continue to conduct the program in the same excellent manner as in the past. We were indeed pleased that your regulations were up-to-date.

I appreciate your support of the State's radiation control program and look forward to working with you in the future. Should you have any questions, please feel free to contact me or Mr. Jack Hornor, Region V, State Agreements Officer.

Sincerely,
