1992 FSAR Update Correction

Enclosed are the original and ten copies of a correction to the 1992 McGuire Nuclear Station Final Safety Analysis Report (FSAR) submittal dated September 18, 1992. Several page numbering errors occurred during the transition of the FSAR to the electronic publishing format. These replacement pages should be incorporated into your manuals.

TO MCGUIRE FSAR MANUAL HOLDERS

The recent update to the FSAR provided some misnumbered 8-1/2 x 11 (page sized) figures in Chapter Two. Enclosed is a corrected list of figures and the corrected 8-1/2 x 11 figures. The 11 x 17 figures you had in your manuals are still correct.

We are also including any pages of text which may have referenced these figures, and a page for Figure 9-38 which was deleted in an earlier revision.

Please correct your manual with the following replacement pages:
