NOTE TO LICENSEES WHO SEND IN RENEWAL PACKAGES

On January 16, 1996, the Nuclear Regulatory Commission (NRC) amended its regulations in 10 CFR 30, 40, and 70 to extend the expiration date of qualified byproduct, source and special nuclear material licenses by five years (61 FR 1109). Your license was extended by this rulemaking and you will soon receive a letter notifying you of this. If a refund is due, this will be handled by the License Fee and Accounts Receivable Branch in our headquarters office. Because of this extension, your renewal package is being returned to you.

Please note that if there are elements within your renewal package that need to be incorporated into your license, you must submit a request for an amendment along with the appropriate fee.

If you have any questions please contact the Region III office at (708) 829-9887.

Thank You - Region III

REF: Byproduct Materials License Number 24-26254-01

Dear Sir:

Please renew the above byproduct materials license as in Amendment 4 in its entirety. We have enclosed in duplicate:

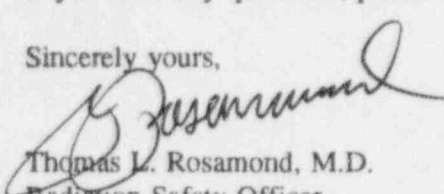

1. Our original application (Attachment 1). We wish to amend Appendix G of this application to change the ALARA levels to comply to the new regulations in 10CFR Part 20. To this end we have attached as Attachment 2 an amended Appendix G with our new ALARA levels.
2. The letter of January 22, 1992 containing our request to not implement a quality management program (Attachment 3). This request is still valid.
3. The letter of February 20, 1992 containing the floor plan for the Washington Avenue office which is still applicable (Attachment 4).
4. The letter of November 4, 1994 adding the North Oak office to this license and the floor plan for this office (Attachment 5) which is still applicable.

We have not attached the letter of December 27, 1994 as it pertained to the addition of Dr. Steven Obermuller to our license. Amendment 4 indicates that he is a current authorized user and he is to be on our new license.

A check for \$1400 is attached.

If you have any questions, please do not hesitate to contact me.

Sincerely yours,

Thomas L. Rosamond, M.D.
