OCT 21 1992

MEMORANDUM FOR: Docket File 70-3070

FROM: P. Ting, Section Leader
Licensing and Inspection Section
Domestic Safeguards Branch
Division of Safeguards and
Transportation, NMSS

SUBJECT: SUMMARY OF MEETING WITH LOUISIANA ENERGY
SERVICES (LES)

On September 22, 1992, the NRC safeguards staff held a classified meeting with the LES technical staff to discuss the NRC's material control and accounting licensing review comments dated August 14, 1992, pertaining to the Fundamental Nuclear Material Control (FNMC) Plan submitted by LES on March 6, 1992. LES has agreed to revise certain portions of their FNMC plan and submit them for NRC review. The NMSS schedule calls for the Plan to be approved in its entirety by the end of January 1993.
