Dear Mr. Reber:

This letter is in follow up to our recent conversation regarding a decommissioning funding plan for Zynaxis Cell Science, Inc., byproduct materials license # 37-28318-02. As we discussed Zynaxis Cell Science, Inc., is in the process of preparing an application for amendment to our byproduct materials license that will include a request to reduce the possession limits of unsealed byproduct materials of half-lives of greater than 120 days to quantities less than 10^4 times the applicable quantities set forth in Appendix C to CFR Part 20.

The specific byproduct material that will be addressed by this amendment application are:

- ^{129}I - possession limit reduced from 100 uCi to 10 uCi
- ^{99}Tc - possession limit reduced from 5,000 uCi to 1,000 uCi
- ^{14}C - possession limit reduced from 50,000 uCi to 10,000 uCi

This amendment application is scheduled to be submitted with in thirty days of the date of this letter.

If you have any questions or require additional information please do not hesitate to contact me.

Sincerely,

Kevin Brooks
Deputy Radiation Safety Officer
