Dear Mr. Shelton:

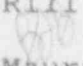

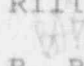

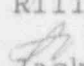

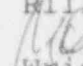

Thank you for your 10 CFR 50.54(a) submittal dated July 14, 1992, which incorporates changes in your Quality Assurance Program description. The changes removed the Engineering Assurance from the on-line review of procurement documents, engineering specifications, and modification packages. We have reviewed the changes associated with this submittal and we conclude that these revisions continue to meet the requirements of 10 CFR Part 50, Appendix B, and are acceptable. If there are changes to QA commitments existing in docketed correspondence outside of the Quality Assurance Program description, you are obligated to notify this office.

We appreciate your timely submittal of information required by 10 CFR 50.54(a). Please contact Mr. Bruce Burgess of my staff at (708) 790-5575 with any questions you may have regarding this matter.

Sincerely,

  
Geoffrey C. Wright, Chief
