Re: USNRC 12-00963-02

Gentlemen:

In our letter of January 11, 1984 we enclosed a check for \$40 instead of \$150 for the renewal of our USNRC Radioactive Material License 12-00963-02. Enclosed please find a check for \$110 for the difference.

In the future please send all correspondence to my attention, not just addressed to the hospital. This will ensure that the Radiation Safety Officer and the administration will receive all USNRC correspondence and can act on requests in a timely fashion.

Sincerely,

Kenneth V. Schreiner
Vice President
