Dear Mr. Griffin:

In our letter of August 22, 1984, we concluded that you meet the eleven criteria of NUREG-0737, Item II.B.3, Postaccident Sampling System, for Arkansas Nuclear One, Units 1 & 2, and that the proposed guidelines for estimating core damage were acceptable on an interim basis.

By letters dated February 28 and March 14, 1985, you provided the procedure for estimating the degree of reactor core damage following an accident. We have determined that the proposed procedure meets Criterion (2) of NUREG-0737, Item II.B.3 and is, therefore, acceptable. You have verified that the procedure is ready for use. Therefore, we consider this issue is complete.

Sincerely,

\*Original signed by  
JOHN F. STOLZ\*

John F. Stolz, Chief  
Operating Reactors Branch #4  
Division of Licensing
