I have mentioned in the past that one of our leases in the CR area, namely Section 17, expires at the end of 1993 without production. If we are unable to negotiate an extension with the landowner (Santa Fe Railroad), and there is significant delay on the EIS process, this lease will expire. The current EIS schedule with a targeted completion of Sept. 15, 1993 will allow us to begin production before the expiry date, therefore, we do not anticipate any difficulty at this time.

Sincerely,

Richard F. Clement, Jr.
Senior Vice President-Exploration
