Mr. Gerald F. Richards
Plant Engineer
Mines Development, Inc.
Edgemont, South Dakota

Dear Sir:

Enclosed you will find two franked gum labels, which I request you use in subaitting packaged film badges.

It has been brought to my attention that utilization of these labels would greatly expedite the handling of the parcels at this end.

If, for some reason, additional labels are required by you in the future, I will forward them.

As before, the film badges should be addressed as noted on the IBM forms which were completed when the badges were originally issued. That address was as follows:

U. S. Atomic Energy Commission
Health and Safety Division
Personnel Metering Branch
P. O. Box 2108
Idaho Falls, Idaho

Thank you for your cooperation.

Very truly yours,

Richard T. Kant, Inspector
Division of Licensee Inspection
Idaho Operations Office
