Rockville, MD 20852-2738

**Re: Docket No.40-8681
License No. SUA-1358
Annual Land Use Report**

Dear Mr. Holonich:

The above-referenced Source Material License requires an annual accounting of changes in land use. For the purpose of this report any change in the status of grazing, agriculture lands, residences, water wells or any other usage within a five (5) mile radius of the mill since August 1995 will be discussed.

- 1.0 The National Guard Armory is now being used on a full time basis.
- 2.0 There is the beginning of construction of a new hospital about 4.25 miles to the north of the mill.
- 3.0 A new lumber yard was constructed approximately 4.5 miles north of the mill.
- 4.0 Two (2) new residences are going in about four (4) miles north and one (1) mile east of the mill. Both of these residences are in an area where they will have wells.
- 5.0 The edge of Blanding is encompassed in the five (5) mile radius that we cover, 100 East and 600 South to about 800 South is developing with the addition of about 6 Modular homes, all of which would have City water hook-ups.

Except for the above mentioned changes, land use remains essentially as previously reported.

Sincerely,

Ron E. Berg
Radiation Safety Officer
