Gentlemen:

Thank you for your letters dated April 12, 1985 and May 1, 1985. The April letter informed us of the steps you have taken to correct the item which we brought to your attention in our letter dated March 19, 1985. Your corrective actions will be verified during our next inspection.

Your May 1, 1985 letter described your nuclear safety management control system, procedure revisions, responsibility, reassignments, organization of a task force and planned implementation of its recommendations. Your cooperation with us is appreciated.

Sincerely,
