SUBJECT Licensee to request extension to RAI request documented in letter dated 3/12/2020 (ML20078L134)					
SUMMARY AND ACTION REQUIRED (IF ANY) On April 29, 2020, the licensee contacted the NRC to inform of delays to their response time lines as discussed and agreed to in letter dated 3/12/2020 concerning Decommissioning Plan Requests For Information to due the University of Missouri restriction access policies based upon local, state and national COVID-19 pandemic restrictions and/or recommendations. Specifically, the licensee is unable to gain all the information requested by the NRC as the University of Missouri has limited access to the campus from non-essential employees and contractors. As a result, the licensee is unable to get contractors on site to perform radiological analysis to support the development of Derived Concentration Guideline Levels (DCGL's), and to perform supporting assessment functions such as movement of furniture, asbestos remediation and scaffolding construction. The licensee indicated that they would be requesting an Alternate Schedule in accordance with 10 CFR 30.36(i) which would request an extension to the amount of time needed to answer the RAI's. The licensee would submit that written request within a week of this meeting requesting the extension. Attendees: Todd Houts - Director of Environmental Health and Safety Ron Dobey, Jr. - Radiation Safety Officer Cade Register - Associate Director of Environmental Health and Safety Hieddi Davis - Director of Planning, Designing and Construction Michael LaFranzo - Senior Health Physicist MCID Branch
