Re: St. Lucie Unit 1
Docket No. 50-335
Updated Final Safety Analysis Report Amendment No. 30 and
License Renewal 10 CFR 54.37(b) Report

Pursuant to 10 CFR 50.71(e) and in accordance with 10 CFR 50.4(b)(6) as modified by U. S. Nuclear Regulatory Commission (NRC) publication, "Guidance for Electronic Submissions to the NRC," Florida Power and Light Company (FPL) is submitting Amendment 30 to the St. Lucie Unit 1 Updated Final Safety Analysis Report (UFSAR) on DVD.

Additionally, pursuant to 10 CFR 54.37(b), this submittal includes the results of FPL's review of design activities to identify any new systems, structures, and components for potential impact on its license renewal aging management programs. For the UFSAR update period April 13, 2018 through November 20, 2019, this review did not result in any newly identified systems, structures, and components.

A brief description and summary of the 10 CFR 50.59 safety evaluations of changes, tests, and experiments reportable pursuant to 10 CFR 50.59 is being submitted under separate cover letter.

Two DVDs containing the Unit 1 UFSAR Amendment 30 are submitted in lieu of hard copy. This UFSAR supersedes all previous versions of the document. They are labeled St. Lucie Nuclear Plant UFSAR Unit 1 Amendment 30 (Non Public and Public).

Based on NRC Regulatory Issue Summary (RIS) 2015-17, "Review and Submission of Updates to Final Safety Analysis Reports, Emergency Preparedness Documents, and Fire Protection Documents," FPL is providing two versions of Amendment 30. One version, on DVD 1 (provided as Enclosure 1), is a complete text of the UFSAR and contains sensitive information which should be withheld from public disclosure per the guidance in RIS 2015-17. The information FPL has identified to be withheld is designated by the statement, "Security Related Information – Withhold Under 10 CFR 2.390," at the top and bottom of the page. Upon removal of Enclosure 1, this document is decontrolled. The second version, on DVD 2 (provided as Enclosure 2), is the redacted text of the UFSAR. Each page on which information was withheld contains the designation, "Withheld Under 10 CFR 2.390." The UFSAR version on DVD 2 is therefore suitable for public disclosure.
