

Dear Sir:

8/9/79

I am writing to request that you give serious attention to the request of Georgians Against Nuclear Energy (G.A.N.E.), CFR 2-206, concerning a siting or construction of and licensing of the proposed Vogtle Nuclear Plant. I, & numerous of my colleagues, consider the plant not in the best interest not only of the nearby residents but also of Georgians in general. The decline of nuclear power, sir, is inevitable. We just cannot, as a nation, risk our entire economic stability of the hope that a major catastrophe will not occur. Once such a catastrophe occurs, no nuclear power plant in the nation would be allowed to exist. With the denial of this energy we will have
