Gentlemen:

This refers to the investigation conducted by M. V. Annast of this office during April 11 - December 6, 1978, of activities authorized by NRC Construction Permit Nos. CPPR-83 and CPPR-84 for the McGuire facility. The results of this investigation were discussed in correspondence sent to you on August 1, 1979 by the Director, Division of Reactor Construction Inspection, Office of Inspection and Enforcement.

In accordance with Section 2.790 of the NRC's "Rules of Practice", Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosed investigation report will be placed in the NRC's Public Document Room. If this report contains any information that you (or your contractor) believe to be proprietary, it is necessary that you make a written application within 20 days to this office to withhold such information from public disclosure. Any such application must include a full statement of the reasons on the basis of which it is claimed that the information is proprietary, and should be prepared so that proprietary information identified in the application is contained in a separate part of the document. If we do not hear from you in this regard within the specified period, the report will be placed in the Public Document Room.

Should you have any questions concerning this letter, we will be glad to discuss them with you.

Sincerely,

POOR ORIGINAL

F. J. Long
Acting Deputy Director
