Docket No.: 50-445

COMANCHE PEAK STEAM ELECTRIC STATION
CONTAINMENT SPRAY HEADERS: FEEDWATER LINE BREAK
QA FILE: CP-85-20 SDAR-181
FILE NO.: 10110

Dear Mr. Hunter:

On May 15, 1985 we verbally notified your Mr. D. Hunnicutt of a deficiency regarding a branch feedwater line break which could cause unacceptable jet and whip interaction with the containment spray headers.

We are continuing our evaluation and anticipate completion by July 23, 1985.

Very truly yours,

A handwritten signature in cursive script, appearing to read "J.R. Wells".
