

DOCKET NUMBER
PROD. & UTIL. FAC. 50-367

Mar 18-81

Dear Sirs -

In reference to the Baily Nuclear
being built in our area I am very
much apposed to it knowing how
unsafe it can be. We live only
about 6 miles south of where the
plant should be & that's only a
very short distance after the
3 Mile Island Accident it is very
frightening so we are very much
against it & it should not be built

Sincerely

Mr & Mrs. Joseph Kado
