INSTRUCTIONS

- Provide data for period covered by last report or blank "EXCLUDED PERIOD".
- Enter reported minimum, average and maximum values under "REPORTED" in the data section for each parameter in "AVERAGE" column.
- Specify the average value calculated during this reporting period.
- Specify the range of measured samples that was used for maximum and minimum as requested.
- Specify frequency of analysis for each parameter in "HO. ANALYSIS" column.
- Indicate if sample is "PARTITIONED" over "Days" or "HO. ANALYSIS" is equal to "N/A".
- Indicate sample type ("Grab" or "Composite") as applicable. If "Composite" use continuous.

100

2.

1. Provide dates for period covered by this report in sequence marked "REPORT PERIOD".
2. Enter observed minimum, average and maximum values under "CONCENTRATION" section. If "AVAILABLE", no analysis completed over at least three days, indicate operating conditions.
3. Specify the number of samples taken during the reporting period, based on minimum **as representative** possible conditions in the column labeled "No. as Representative".
4. Show frequency of analysis for each parameter as R, Analytical, daily, "3/7", or "3/30" based on monthly precision of every 7 days. If continuous, enter "C" or "C" if applicable. If frequency was continuous, enter "N/A".
5. Specify sample type ("Grab" or "hr. composite") as applicable.
6. Appropriate signature is required on bottom of this form.
7. Remove carbon and carbon copy for your records.
8. Fill above dotted lines, sample and mail original to office specified in permit.

7.

1. Provide dates for period covered by this report in sequence marked "REPORT PERIOD".
2. Enter observed minimum, average and maximum values under "CONCENTRATION" section. If "AVAILABLE", no analysis completed over at least three days, indicate operating conditions.
3. Specify the number of samples taken during the reporting period, based on minimum **as representative** possible conditions in the column labeled "No. as Representative".
4. Show frequency of analysis for each parameter as R, Analytical, daily, "3/7", or "3/30" based on monthly precision of every 7 days. If continuous, enter "C" or "C" if applicable. If frequency was continuous, enter "N/A".
5. Specify sample type ("Grab" or "hr. composite") as applicable.
6. Appropriate signature is required on bottom of this form.
7. Remove carbon and carbon copy for your records.
8. Fill above dotted lines, sample and mail original to office specified in permit.

	PERMIT NUMBER	DIS	SIC	LATITUDE	LONGITUDE			
REPORTING PERIOD: FROM		8/1	01	21	TO	8/1	01	21
		YEAR	MO	DAY		YEAR	MO	DAY

INSTRUCTIONS

- Provide dates for period covered by this report in spaces marked "REPORTING PERIOD".
- Enter reported minimum, average and maximum values under "QUANTITY" and "CONCENTRATION" in the units specified for each parameter as appropriate. Do not enter values in boxes containing asterisks. "AVERAGE" is average computed over actual time discharge is operating. "MAXIMUM" and "MINIMUM" are extreme values observed during the reporting period.
- Specify the number of analyzed samples that exceed the maximum (and/or minimum) as appropriate; permit conditions in the column labeled "No. Ex.". If none, enter "0".
- Specify frequency of analysis for each parameter in No. analyses/No. days (e.g., "3/7" is equivalent to 3 analyses performed every 7 days). If continuous enter "CONT".
- Specify sample type ("grab" or "... hr. composite") as applicable. If frequency was continuous, enter "NA".
- Appropriate signature is required on bottom of this form.
- Remove carbon and retain copy for your records.
- Fold along dotted lines, staple and mail original to office specified in permit.

(Final Period)

PA ST	0025615 PERMIT NUMBER	302 DIS	4911 SIC	40° 37' 15" LATITUDE	80° 26' 18" LONGITUDE			
REPORTING PERIOD: FROM		8/1 YEAR	01 MO	01 DAY	TO	8/1 YEAR	01 MO	28 DAY

INSTRUCTIONS

- Provide dates for period covered by this report in spaces marked "REPORTING PERIOD".
- Enter reported minimum, average and maximum values under "QUANTITY" and "CONCENTRATION". In the work specified for each parameter as appropriate. Do not enter values in boxes containing asterisks. "AVERAGE" is average computed over actual time discharge is operating. "MAXIMUM" and "MINIMUM" are extreme values observed during the reporting period.
- Specify the number of analyzed samples that exceed the maximum (and/or minimum) as appropriate.
- Specified conditions in the columns labeled "No. EX." If none, enter "0".
- Specify frequency of analysis for each parameter as No. analyses/No. days (e.g., "3/7" is equivalent to 3 analyses performed every 7 days). If continuous enter "CONT."
- Specify sample type ("grab" or "hr. composite") as applicable. If frequency was continuous, enter "NA".
- Appropriate signature is required on both of this form.
- Remove carbon and retain copy for your records.
- Fold along dotted lines, staple and mail original to office specified in permit.

INSTRUCTIONS

- Provide dates for period covered by the report in spaces marked "REPORTING PERIOD".
- Enter quantity, averages and maximum values under "REPORTING PERIOD" in the units specified for each parameter as appropriate. Use not water values for bodies containing organic material. Use average, composite or selected values for bodies containing inorganic material.
- Specify the number of samples taken during reporting period.
- Provide condition in which sample was taken that was at the maximum rate of emissions as indicated.
- Use to 2nd decimal point for average & 2nd decimal point for standard deviation.
- Specify sample types "Grab" or "Composite" as applicable. If frequency was continuous, enter "N/A".
- Appropriate estimate to required on bottom of this form.
- Follow above listed lines, staple and mail original to office specified in general.

PAI
ST 1
0025615
PERMIT NUMBER

401	4911	40°37'15"	80°26'18"
DIG	SIC	LATITUDE	LONGITUDE

REPORTING PERIOD FROM
8/1/01 12:01 TO 8/18/01
YEAR MO DAY

TO
8/18/01 12:28
YEAR MO DAY

INSTRUCTIONS

- Provide dates for period covered by this report in spaces marked "REPORTING PERIOD".
- Enter reported minimum, average and maximum values under "QUANTITY" and "CONCENTRATION" sections. If the units specified for each parameter are inappropriate, do not enter values in boxes containing asterisks. "AVAILABLE" is average computed when there is more than one operating. "MAXIMUM" and "MINIMUM" are extreme values observed during the reporting period.
- Specify the number of analyzed samples that exceed the maximum level or minimum as appropriate.
- Specify the frequency of analysis for each parameter on the analysis/no day (e.g., "3/7" is equivalent to 3 analyses performed every 7 days). If continuous enter "CONT".
- Specify sample type ("grab" or "continuous") as applicable. If frequency was continuous, enter "N/A".
- Appropriate signature is required on bottom of this form.
- Remove carbon and retain copy for your records.
- Fold along dotted lines, staple and mail original to office specified in permit.
