License No. 21-21171-01

30-19873

Gentlemen:

This refers to the routine safety inspection conducted by Mr. W. P. Reichhold of this office on July 2, 1985, of activities authorized by NRC Byproduct Material License No. 21-21171-01, and to the telephone conversation concerning our findings with Mr. Al Ashe on July 10, 1985.

The enclosed copy of our inspection report identifies areas examined during the inspection. Within these areas, the inspection consisted of a selective examination of procedures and representative records, observations, and interviews with personnel.

The inspection was an examination of activities conducted under your license as they relate to radiation safety and to compliance with the Commission's rules and regulations and with the conditions of your license. The inspection consisted of a selective examination of procedures and representative records, observations, independent measurements, and interviews with personnel.

The responses directed by this letter (and the accompanying Notice) are not subject to the clearance procedures of the Office of Management and Budget as required by the Paperwork Reduction Act of 1980, PL 96-511.

We will gladly discuss any questions you have concerning this inspection.

Sincerely,

D. J. Sreniawski, Chief
Materials Radiation Protection
