Dear Dr. Fakundiny:

Please find attached for your information a copy of our contractor's draft report, "Plan for Diagnosing the Solvent Contamination at the West Valley Facility Disposal Area," by Stephen E. Herbes and Roger B. Clapp, Oak Ridge National Laboratory, June 1984. This is the first, of a two part study to identify future research needs at the facility burial grounds and vicinity at West Valley.

If you have any comments as to the report's identification (or absence) of important features, feasible field methods, and practical remedial measures, we would appreciate your forwarding them to us. Please contact either myself at 301-427-4039, or Mr. Winston Burkhardt, at 301-427-4205, if you need any information or wish to verbally convey your comments.

Sincerely,
