Dear Mr. Stephens:

This acknowledges receipt of your letter dated December 28, 1992, providing the details regarding a leaking americium-241 sealed source. We have no further questions regarding your report at this time. These matters will be reviewed further during a future inspection.

We understand that the leaking source has been transferred to Amersham International, the source manufacturer, for evaluation. We request that you provide our office a copy of the results of Amersham's evaluation upon its completion.

Should you have any questions, please contact me or Mr. Wayne Slawinski of my staff.

Your continued cooperation is appreciated.

Sincerely,

B. J. Holt, Chief
