WASHINGTON, D.C. 20665

October 29, 1992

Sargis Associates, Inc. ATTN: Saul Sargis 1800 Silas Deane Highway Suite 217 Rocky Hill, CT 06067

Gentlemen:

I am responding to your letter dated August 5, 1992, regarding termination of License 06-28545-91 and providing information to support your belief that you are not liable for the FY 1991 and FY 1992 annual fees (Invoice Nos. AM01075-91 and AM00968-92).

In support of your request for relief from the fees you state that: 1) you called upon receiving your bill in July or August 1991 to cancel your license; 2) you completed and returned the required forms to cancel your license; 3) you called NRC again after receiving the second notice; 4) you called NRC again after receiving a call from us notifying you that you were delinquent; 5) you called NRC again after receiving the 1992 bill; and 6) you never purchased or had in your possession any nuclear material.

The final rule revising 10 CFR Part 170 and 10 CFR Part 171 provided an opportunity for licensees who wished to relinquish their licenses and who were capable of permanently ceasing licensed operations by September 30, 1991, to avoid the FY 1991 annual fee if the licensee notified the Commission in writing within the 30-day period prior to the effective date of the rule (56 FR 31475 and 31485; July 10, 1991). As stated in the Federal Register notice, and the notice which was mailed with the invoice, the effective date of the rule was August 9, 1991. The final rule establishing the fees for FY 1992 provided that licensees who had filed for termination of their license or for a possession only/storage only license during the period October 1, 1991, through December 31, 1991, would be exempt from the FY 1992 annual fee.

Since we have no record of receiving the forms you submitted to cancel your license, enclosed is an NRC Form 314, "Certificate of Disposition of Materials" for your use in resubmitting your request. Based on the information furnished in your August 5, 1992, letter, the Commission: 1) acknowledges that no licensed activity took place prior to September 30, 1991; and 2) will accept as timely filed for purposes of waiving the FY 1991 and FY 1992 annual fees, the completed NRC Form 314 to terminate the license if it is received within 15 days of the date of this

letter. If the completed NRC Form 314 is received within the 15 day timeframe, Invoice Nos. AM01075-91 and AM00968-92 will be cancelled. Otherwise, the invoices are due and payable.

Sincerely,

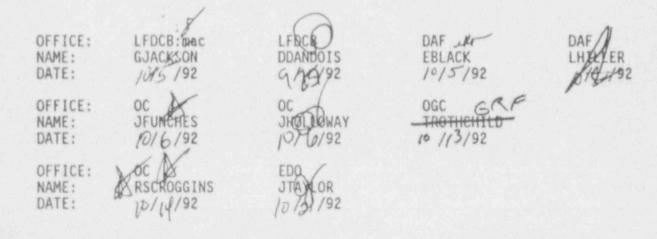

Janes M. Paylor Executive Director for Operations

Enclosure: As stated
