Docket No. 50-272  
50-311  
50-354

Mr. S. E. Miltenberger  
Vice President and Chief Nuclear Officer  
Public Service Electric and Gas Company  
P.O. Box 236  
Hancocks Bridge, New Jersey 08038

Dear Mr. Miltenberger:

SUBJECT: REQUEST TO WITHHOLD SECURITY INVESTIGATION TASK FORCE  
REPORT FROM PUBLIC DISCLOSURE

We have reviewed your letter and affidavit dated December 17, 1992, requesting that the NRC withhold your Security Force Investigation Task Force Report from public disclosure in accordance with the specifications of Title 10, Code of Federal Regulations, Part 2.790 (10 CFR 2.790). We find that, while portions of the report would be clearly exempt from public disclosure in accordance with 10 CFR 2.790, other parts could not be withheld. Since the NRC has no need to maintain this report relative to any current inspection or licensing matter, in accordance with your request we are returning the three copies that were previously provided for our review. From a December 29, 1992, telephone discussion between Stanley LaBruna, Vice President-Nuclear Operations, and myself, we understand that this material will be retained by the licensee for NRC review, as necessary.

We appreciate your cooperation in this matter.

Sincerely,

Original Signed By
