Plymouth, Massachusetts 02360

Dear Mr. Boulette:

SUBJECT: EMERGENCY PREPAREDNESS (EP) INSPECTION 50-293/92-26

On December 7-11, 1992, as described in the enclosed inspection report, Mr. J. Lusher and others of this office inspected the Pilgrim emergency preparedness program. That inspection included selected procedure and record reviews, interviews, evaluation of three crews of operators during table-top exercises, and inspector observations. Preliminary inspection findings were discussed with Mr. Rothert and other members of your staff.

The overall conclusion of this inspection was that the Pilgrim EP program was being effectively administered and implemented. No violations of NRC requirements were found. Testing of the Technical Support Center ventilation system, the reorganization of the emergency preparedness program, and training on use of the Protective Action Recommendation (PAR) procedure were identified for further inspection attention.

No reply to this letter is required. Thank you for your cooperation.

Sincerely,
