Hopkins, Minnesota 55343

Dear Mr. Pegors:

By letter dated May 24, 1967, I forwarded to you
production which you had previously requested.

We were able to locate a copy of "Case Histories
of Atomic and Nuclear Energy Operations", written
in 1960 by Mr. Daniel F. Hayes and I'm enclosing
it in accordance with your request.

For your information, the subject matter covered
by Mr. Hayes is also contained in the 1960 Annual
Report to Congress of the Atomic Energy Commission
(see Page 259) and I'm enclosing a copy of this
report also.

Sincerely,

James R. Yoro
