Attention: Mr. Howard E. Kremers  
Technical Assistant to the President

Gentlemen:

License No. R-106 issued to your company by the Atomic Energy Commission for use of source materials has been assigned to the Chicago Operations Office for compliance inspection.

I would like to arrange to schedule an inspection of your program during the first week in December.

I will call you by telephone about November 18 so that we can set a mutually convenient time and discuss related matters.

Very truly yours,

Roy C. Hageman, Director  
Inspection Division

CC: Donald I. Walker  
Idaho Operations Office

For your information. We will check with you about the 18th on this matter.
