RE: License STA-583

Dear Mr. Keppler:

We have reviewed your letter documenting the March 15, 1983 meeting conducted at the Region III office regarding control and monitoring of airborne Pb-212 at the Kerr-McGee Chemical Corporation, West Chicago, Illinois Facility. Kerr-McGee agrees that your letter accurately describes the conclusions reached. We are confident this program will continue to establish that there is no public health risk associated with our facility.

Sincerely,

W. J. Shelley, Vice President
Nuclear Licensing & Regulation
