

June 8, 1959

Dear Dick:

Dr. Landauer, Sr. cannot be present at the Lindsay Chemical Co. on Thursday as planned. He can make it on Friday, and I would appreciate your changing your plans to do the inspection on Friday.

Mr. Kreners is no longer connected with the radiological safety program at Lindsay - his place has been taken by Mr. Robert Healy.

Presumably it won't be too difficult to change the Bauer and Black inspection (scheduled for Friday) to another day, perhaps on Thursday.

Best regards,

Roy
