Gentlemen:

Subject: Inspection 50-289/77-13

This refers to the inspection conducted by Mr. W. Tobin of this office on April 20-21, 1977, at Three Mile Island Nuclear Generating Station, Unit 1, of activities authorized by NRC License No. DPR-50 and to the discussions of our findings held by Mr. Tobin with Messrs. Colitz and Stacey of your staff at the conclusion of the inspection.

Areas examined during this inspection are described in the Office of Inspection and Enforcement Inspection Report which is enclosed with this letter. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspector.

Our inspector also verified the steps you have taken to correct the deviation brought to your attention in a letter dated August 22, 1975. We have no further questions regarding your action at this time.

Within the scope of this inspection, no items of noncompliance were observed.

In accordance with Section 2.790(d) of the NRC's "Rules of Practice", Part 2, Title 10, Code of Federal Regulations, documentation of your control and accounting procedures for safeguarding special nuclear materials and your facility security procedures are exempt from disclosure; therefore, the enclosed inspection report will not be placed in the Public Document Room and will receive limited distribution.
