REPORT OF OVEREXPOSURE - AMERICAN POTASH AND CHEMICAL CORPORATION  
WEST CHICAGO, ILLINOIS - LICENSE NO. STA-583

CO:III:JMA

Reference a report of overexposure dated September 23, 1963, from the subject licensee. You will note this is the same exposure reported by the licensee in a letter dated September 5, 1963. Licensing and Regulation, in a letter dated September 18, 1963, requested resubmission of the September 5 report since that report contained the name of the individual who was exposed, and not in accordance with 10 CFR 20.403(c) and 20.405(c).

As set forth in our memorandum dated September 11, 1963, we plan to inquire into this matter during the next scheduled inspection.
