

The Dow Chemical Company
ATTN: Mr. L. G. Silverstein
Radiation Protection
Officer
1707 Building
Midland, Michigan 48640

MAY 1 1975

Gentlemen:

This refers to your letter dated February 18, 1973, concerning your application for renewal of License No. 21-00265-04.

The information which you submitted with your letter is essentially the same as that previously submitted. Enclosed is a copy of our letter dated May 29, 1974, concerning your application for license renewal. We shall continue review of your application upon receipt of a response which takes into account the comments in the May 29, 1975, letter. It will be helpful if complete copies of the operating and emergency procedures in the form in which they will be given to personnel are submitted. Your reply should be submitted in duplicate.

Sincerely,

Nathan Bassin
