REQUEST FOR ADDITIONAL INFORMATION
UNIVERSITY OF MISSOURI RESEARCH REACTOR
DOCKET NO. 50-186

1. You requested a change in your technical specifications (TSs) to allow the Reactor Advisory Committee to be appointed by and report to the Office of the Provost instead of the Chancellor. Please provide a discussion that justifies this change.
2. Please add a legend to Figure 6.0 that defines the meaning of solid and dotted lines between organizational units.
3. As part of the justification for removing the position from the MURR organizational chart, you state that the University Radiation Safety Officer no longer has responsibility for radioactive materials at the MURR. Is this also true for the Vice President for Academic Affairs?
4. You have made several changes to Figure 6.0 that are not discussed in your application for amendment. The title "Board of Curators of the University of Missouri" is changed to "Board of Curators for the University of Missouri," the title "Reactor Facility Director" is changed to "Reactor Center Director," and the title of "Vice President for Administrative Affairs" is removed from the organizational chart. Please provide a discussion of the justification for these changes if you desire to make them.
