Dear Doctor Glenn:

We are requesting amendment of our NRC License #37-16245-01 to permit the following changes in our Nuclear Medicine Program:

1. Relocation of the Nuclear Cardiographic Imaging Area from Room 202 of this address to Room 135 of this address. The floor plan of the specific layout is attached.
2. Use of a commercially available filter system such as "Lineator" or "Calichek" for performance of linearity testing of our radio-isotope calibrators.

The proposed site for the relocation of Nuclear Cardiology will be surveyed by our consultant radiation physicist prior to occupation.

The amendment fee in the amount of \$120.00 is enclosed.

Please do not hesitate to contact us if you should need any further information.
