Docket No. 70-1359

JUL 22 1985

IRT Corporation
3030 Callan Road
San Dfego, California 92138

Attention: D. Hicks, Manager
Human Resources

Gentlemen:

This letter refers to an unannounced, routine, safeguards inspection of your activities authorized by NRC license No. SNM-1405 conducted by Mr. L. R. Norderhaug of this office on June 19-July 5, 1985. It also refers to the discussions of our preliminary inspection findings held by the inspector with you and other members of your organization on June 19, 1985 and a subsequent conversation between L. R. Norderhaug and you on July 5, 1985.

Areas examined during this inspection included activities related to the physical protection and accountability of Special Nuclear Material (SNM) as described in the enclosed inspection report. Within these areas, the inspection consisted of selective examinations of procedures and records, interviews with facility and other personnel, and observations by the inspector.

Within the scope of this inspection, no items of noncompliance were observed.

In accordance with Section 2.790(d) of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, documentation of the findings of your safeguards and security measures are exempt from public disclosure; therefore, the enclosures to this letter will not be placed in the Public Document Room and will receive limited distribution.

Should you have any questions concerning this letter, we would be please to discuss them with you.

Sincerely,

James L. Montgomery, Chief
Nuclear Material Safety and
Safeguards Branch

Enclosure:

Inspection Report No. 70-1359/85-02 (IE-V-699)
