Dear Mr. Lee:

The Safety Evaluation enclosed in our July 12, 1985, letter contained some issues for which NRC review was not complete. We have now completed our review; the results are contained in the enclosed Supplemental Safety Evaluation. We have concluded that all of the open items related to our July 12, 1985, evaluation have been acceptably resolved.

The commitments made by Public Service Company of Colorado, as discussed in the enclosure, are being included in the listing of commitments being confirmed in relation to the authorization of Fort St. Vrain restart.

Sincerely,

Original Signed By
E. H. Johnson
