Dear Mr. Palladino:

Enclosed is a copy of correspondence I received from Charles F. Jones. The letter raises some serious concerns about the restart of the Three Mile Island nuclear power plant. I would greatly appreciate it if you would carefully review this matter and provide me with an appropriate response.

Your attention to this matter is greatly appreciated.

With best regards,

Sincerely,

Paul S. Sarbanes

CHARLES F. JONES  
PRESIDENT

March 13, 1985

Honorable Paul S. Sarbanes  
United States Senate  
Washington, DC 20510

Dear Senator Sarbanes:

I am writing as a member of the nuclear power industry to urge your support in an early decision by the Commissioners of the Nuclear Regulatory Commission on the restart of Three Mile Island, Unit 1.

We believe the NRC now has an adequate basis on which to decide the lifting of its 1979 Shutdown Orders of TMI-1. This early decision will ease a major burden of uncertainty from both the industry and the regional economy affected by the order.

Very truly yours,
