ORDER
(Directing Submissions By Staff)

During the hearings held in August, 1983, certain documents relied upon by the parties were to be updated, revised or completed within a short time thereafter.

Accordingly, the Staff is directed to inform the Board as to whether the documents set forth below have been submitted by the Applicants for evaluation by the Staff. The Staff shall also indicate whether its evaluations of these submissions are contained in reports and correspondence. Copies of the Applicants' submissions or sections thereof, as well as the Staff's evaluations, shall be provided to the other interested parties and to the Board.

The documents and/or information to be furnished are:

1. The Applicants' environmental qualification report and any revisions thereto, and Staff's evaluations thereof, if any, that involve the time duration of environmental qualification of specific items of electric equipment important to safety as defined in 10 CFR §§ 50.49(b)(1) and (b)(2), including § 50.49(b)(2) items not previously listed, if any (Maidrand, Tr. 978-81), and items which do not meet the Applicants' 40-year life pre-accident-environment objective or one-year life post-accident-environment objective (Applicants' panel, ff. Tr. 970, at 8-9).

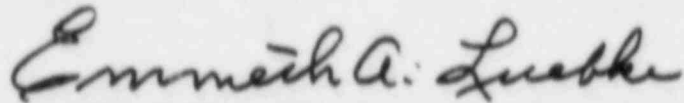

2. Changes or additions to the new Section 5.0 of the Seabrook Station Radiological Emergency Plan and associated appendices (see Applicants' Ex. 1, ff. Tr. 1483) which affect (a) the set points in Tables A-1 through A-5 (see MacDonald, Tr. 1489-90, 1511-13, 1544-45); (b) employment of additional radiation level indicators (if any) as recommended by the Staff (see Sears, Tr. 1719-20; (c) correlation of the assessment/classification scheme with Appendix 1 to NUREG-0654, including the two alleged misclassifications (see Tr. 1726-30); (d) the alleged omission from the Applicants' Radiological Emergency Plan of recommended protective measures to accompany the different Emergency Action Levels (see Sears, Tr. 1703). The Staff's evaluations of these changes or additions.

3. The current status of the Westinghouse Owners Group Emergency Response Guidelines (see MacDonald, Tr. 1486-90). If this document has been completed, the Staff shall advise where it is located or where

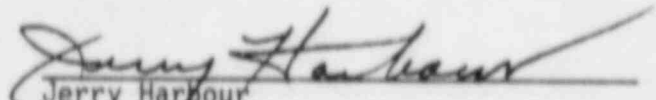

copies may be obtained. The Staff shall provide the document(s) reflecting its evaluation of these guidelines.

The Staff's responses shall be furnished by October 21, 1985.
