Attention Mr. Robert E. Brinkman

Gentlemen:

The purpose of this letter is to request in writing an amendment to Item 8 of our current AEC License #24-2406-1 (J66), increasing our possession limits for Mercury 197 as discussed with you by Dr. Konneker during a recent telephone conversation.

Item 8 Mercury 197 -- 8 curies

We also would like to take this opportunity to increase our current possession limits of Iodine 131.

Item 8 Iodine 131 -- 15 curies

This request for amendment is necessitated by an increased sales volume.

Sincerely,

NUCLEAR CONSULTANTS DIVISION
