In the Matter of
LONG ISLAND LIGHTING COMPANY
(Shoreham Nuclear Power Station, Unit 1)
Docket No. 50-322-OL-3 (Emergency Planning)

Dear Administrative Judges:

Enclosed for your information is a copy of the August 13, 1985, Memorandum from the NRC (E.L. Jordan) to FEMA (R.W. Krimm) concerning FEMA review of Revision 5 to the Shoreham Local Offsite Radiological Emergency Response Plan (the "Transition Plan"). The enclosure to the Memorandum is not attached hereto since that enclosure was addressed to you and all other recipients of Revision 5.

Sincerely,

Bernard M. Bordenick
Bernard M. Bordenick

MEMORANDUM FOR: Richard W. Krimm
Assistant Associate Director
Office of Natural and Technological
Hazards Programs
Federal Emergency Management Agency

FROM: Edward L. Jordan, Director
Division of Emergency Preparedness
and Engineering Response
Office of Inspection and Enforcement

SUBJECT: FEMA REVIEW OF THE LILCO TRANSITION PLAN
FOR SHOREHAM IN SUPPORT OF NRC LICENSING

The Long Island Lighting Company (LILCO) submitted Revision 5 of the Shoreham Nuclear Power Station Local Offsite Radiological Emergency Response Plan (i.e., the Transition Plan) to the NRC on August 2, 1985. Changes in Revision 5 include commitments made in response to Regional Assistance Committee (RAC) comments on earlier plan revisions. In the August 2, 1985 transmittal letter, LILCO states that copies of Revision 5 have been forwarded under separate cover directly to members of the RAC.

We request that FEMA review Revision 5 of the Shoreham plan and provide findings and determinations to the NRC. To assist in the review effort, we have enclosed a copy of an August 5, 1985 letter to the Atomic Safety and Licensing Board which includes a description of the principal changes in Revision 5 of the plan. Based on a discussion on August 9, 1985, between Robert Wilkerson of FEMA and David Matthews of the NRC, we understand that FEMA will provide the results of its review by September 30, 1985.

Edward L. Jordan, Director
Division of Emergency Preparedness
and Engineering Response
Office of Inspection and Enforcement
