OFFICE OF SECRETARY
DOCKETING & SERVICE
BRANCH

THE STATE OF TEXAS :
:
COUNTY OF SOMERVELL :

BEFORE ME, the undersigned authority, a Notary Public in and for Somervell County, Texas, on this day personally appeared LEE E. HANCOCK, who by me being duly sworn upon his oath deposes and says:

My name is Lee E. Hancock. I am presently employed by Synchro Construction Company and my current address is 4901 Richmond Avenue, Suite 227, Houston, Texas 77027.

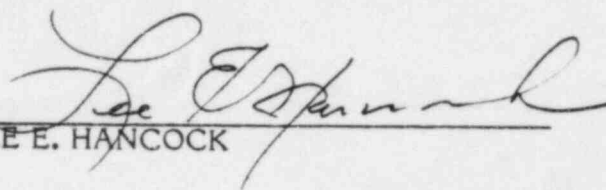

I generally recall that Management Analysis Company ("MAC") representatives were on site at the Comanche Peak Steam Electric Station Project in 1978 but I do not recall any specifics of their work. I may have been interviewed by MAC but I am not sure. In May, 1978, I was Projects Control Manager for Brown & Root at Comanche Peak Steam Electric Station.

I never received a copy of the MAC report and do not recall ever having read it. I was not aware that in July of 1980, the Intervenor in the Comanche Peak licensing proceedings, CASE, requested the discovery of evaluations, studies, and audits at Comanche Peak. I did not participate in any discussions regarding whether a report prepared by MAC as a result of its review should or should not be produced in response to any discovery requests.

I became aware of the MAC report around May or June, 1985 from mention of the report being made while I was at the Comanche Peak Steam Electric Station site in connection with work I was doing for TUGCO.

I am currently President of Synchro Construction Company and held this position as of December 31, 1984. My home address is 2430 Southgate, Houston,

Texas 77030 and residence telephone number is 713/668-6512. My business telephone number is 713/626-9592.

LEE E. HANCOCK
