

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

August 23, 1995

Mr. Miguel Medina Vaillard
Director General
National Nuclear Safety and Safeguards Commission
Mexico City, Mexico

Dear Mr. Medina:

Thank you very much for your kind words of congratulations on my appointment by the President as Chairman of the Nuclear Regulatory Commission. I, too, am confident that the close cooperation between our two countries on nuclear safety matters will continue.

I am pleased to accept your gracious invitation to visit your installations in Mexico City as well as the Laguna Verde Nuclear Power Station in Veracruz. I have asked my staff to work with your office to select a mutually agreeable date for the visit in the not-too-distant future.

Again, I appreciate your words of congratulations. I look forward to our continued working relationship for the benefit of both Mexico and the United States.

Sincerely,

Shirley Ann Jackson
