Attention: Mr. John W. N. Hickey, Chief
Fuel Cycle Safety Branch

Subject: Docket No.: 70-3070
Louisiana Energy Services
Claiborne Enrichment Center
Safety Analysis Report Revision
File: 6046-00-2001.01

Dear Mr. Hickey:

Enclosed is an update to the Claiborne Enrichment Center (CEC) Safety Analysis Report (SAR). Instructions for making the update are detailed in the enclosed Push-Pull Instructions.

This revision to the SAR is being made to comply with the October 2, 1996 Commission Order CLI-96-08. The Commission Order directed Louisiana Energy Services (LES) to amend the Emergency Plan and the SAR to ensure the documents unambiguously reflect the fire fighting roles of the on-site fire brigade and the off-site fire department. The CEC Emergency Plan was previously revised and is consistent with this SAR revision. The Emergency Plan revision was submitted to the NRC Staff on July 31, 1996.

Please call me at (704) 382-0293 if you have questions concerning the Safety Analysis Report revision.

Sincerely,

Robert G. Morgan
Licensing Manager

Attachment (24 copies of Revision 21 to the CEC Safety Analysis Report)
